ADVANCES IN JOINT REPLACEMENT

August 20-21, 2016

Dear Friends,

Change is the only constant in life! However, there are things that never change. With the change of guard at the helm of affairs in Orthopaedics at AIIMS, the high quality scientific program for Current Concepts in Arthroplasty will still remain unchanged. Immensely popular, this activity has become one of the signature events at AIIMS.

This year the program will span 3 day with 2 unicondylar knee replacement workshops planned for 19th August, 2016. The experienced and reputed faculty will captivate you with masterly exposition of live surgeries. The confirmed foreign faculty includes (Prof. Hemant Pandit from UK, Dr. Alfred Jacques Tria from New Jersey, Dr. Thomas Muellner from Austria, Dr. Paul D. Maitino from USA, Prof H J Lee from Korea, Dr. Med. Michael Pröbstel from Germany, and Dr. Ryan Nunley from USA. In addition there will be didactic lectures, panel discussion and case presentations as well. The theme this year is “Advances in Joint Replacement” and we also hope to cover some revision topics on popular demand.

Hope to see you here at AIIMS

Best wishes,

Dr. Rajesh Malhotra

MBBS (AIIMS), MS (AIIMS), FRCS, FICS, FACS, FIMSA, MNASC
